An aerial photograph of a village, likely in a rural area. The village is characterized by a dense cluster of buildings, mostly with light-colored roofs, and is surrounded by large, rectangular agricultural fields. Some fields are green, indicating crops, while others are brown or tan, suggesting bare soil or harvested land. A prominent red circle is drawn on the image, highlighting a specific green field located just south of the main village cluster. The overall layout shows a typical rural settlement pattern with a central built-up area and surrounding farmland.

A horizontal number line is shown, ranging from 0 to 15. Major tick marks are labeled at 0, 2.5, 5, 7.5, 10, 12.5, and 15. The segment between 0 and 2.5 is divided into two equal parts by a smaller tick mark. The number 1.25 is written above this smaller tick mark.
